

Field Surveyor Volunteer

What does the role involve?

The role will vary depending on the survey(s) you decide to help with including: walking set transect routes, checking reptile mats, FIT counts, visual soil assessments, grassland rapid assessments & checking mammals prints.

The role will offer an opportunity to develop species identification skills and spend time outdoors with a purpose whilst enjoying our beautiful green spaces. You'll contribute data towards the Thames Valley Environmental Records Centre (TVERC) which is dedicated to maintaining a comprehensive ecological information hub. You'll also be contributing valuable data for a greater understanding of what impact the changes we are making in a farming practises are having on biodiversity. You'll also gain valuable volunteering and surveying experience which is helpful for pursuing a career in conservation.

Time required: Flexible hours between April – September annually

Tasks: Visiting our sites regularly from April to September as part of a rota system.
Following a set route and methodology.
Reporting data to TVERC (Thames Valley Environmental Records Centre) and UKBMS (United Kingdom Butterfly Monitoring Scheme)

Location: Bessie's Field, Earth Trust Centre, Little Wittenham, OX14 4QZ (Near Castle Hill, Wittenham Clumps)

What skills and experience do you need?

Most of our volunteer roles do not require in-depth previous experience as we provide a full induction, but the following skills and attributes would make you particularly suited for this role:

- An interest in wildlife and enjoy spending time outdoors
- Species identification skills are ideal, but not essential
- Surveying experience is helpful, but not essential

What support you will receive?

All volunteers receive our Volunteer Handbook & Safety Guide and are invited to Insight sessions, exclusive events for our volunteers as well as learning and development events across the year.

You will be supported by Earth Trust's Land Management team and have a dedicated staff member to support you and offer role specific training. Your induction will include a series of training sessions for each relevant survey method along with relevant survey methodology's, recording forms, risk assessments, and materials required for each survey.

Our community

Being part of our community means connecting with like-minded people, learning new skills while sharing your own, spending time outdoors, and deepening your appreciation for the natural world.

Our fantastic team of staff and volunteers is passionate about the environment and dedicated to supporting Earth Trust — and their enthusiasm is truly infectious!

As a volunteer, you'll receive a weekly bulletin to keep you informed about new opportunities, news, and events. We also take time to celebrate your contributions, with an annual volunteer social and smaller get-togethers throughout the year.
