

Walks, Talks & Tours Guide

What does the role involve?

There are always many exciting things going on at Earth Trust and we want to share them with our visitors and local community. Some of the ways in which we can do this are by giving tours, talks and guided walks. Is this something you have always wanted to do?

You could support us with walks, talks and tours of our projects and greenspaces, sharing information on a range of topics, from wildlife, history and archaeology, to wellbeing, woodland management and food & farming.

Following full training you would then be:

- Representing Earth Trust and giving talks about the charity and our work
- Meeting and engaging with the public
- Sharing more about Earth Trust's charitable mission and our latest projects
- Helping people learn about the green spaces that we look after, and how we care for them
- Encouraging people to engage mindfully with their surroundings
- Giving tours of our green spaces and talking about their history

Time required: Flexible including evenings and weekends

Location: Earth Trust Centre, at our community reserves and local events
in Oxfordshire
