### Your visit

This February half term, let your child explore a world of adventure at the Outdoor Explorer Camp at Earth Trust. Set amongst the meadows, woodland and historic hilltops of Wittenham Clumps, our day time camp is designed to give children aged 7-13 a chance to connect with nature, try new skills, make friends and enjoy an unforgettable outdoor experience. With our expert instructors to guide them, your child will get the chance to build shelters and try their hands at some ancient crafts such as cordage or creating a wattle and daub wall. They will learn new bushcraft skills such as lighting fires, knots, wood carving and whittling. Make and enjoy fireside snacks or cook up a whole feast on our campfire or tepee fireside stoves. Explore the meadows and woods on an orienteering adventure.

Each day is different, so whether you book a singe day or the three full day experiences, there will always be something new to discover.
