7 PM to 8 PM

8 PM

A truly special setting

Welcome to your perfectly rustic, countryside wedding in our beautifully renovated 19th Century barn in the heart of rural Oxfordshire.

With the breath-taking backdrop of the iconic Wittenham Clumps, our elegant, relaxed space is yours to personalise to make your wedding day everything you imagined and more.

Surrounded by nature

Set amidst 1,200 acres of spectacular countryside and nestled at the foot of the Wittenham Clumps, Earth Trust's unique wedding venue is brimming with rural charm, full of nature and bursting with life.

Fison Barn's huge oak doors open on to a courtyard where bats and swallows have made their homes and red kites soar overhead, the scented herb garden attracts butterflies and bees, and barn owls can be spotted swooping low at dusk.

Earth Trust are guardians of some of Oxfordshire's most special places, rich in both nature and heritage. On the banks of the River Thames, and within urban areas and towns of Oxfordshire, we nurture and care for 500 hectares of farmland, forests, meadows and wetlands.

As an environmental charity, we use the places we care for to engage people with the natural world and influence for more accessible and better green spaces where humans and nature can thrive in balance.

Hold your celebration with us and you'll be championing access to natural green spaces that benefit both people and wildlife.

You can hold non legal ceremonies (humanist, handfasting and blessings) in one of our beautiful surrounding outdoor green spaces.

Both Fison Barn and the courtyard are licensed for wedding ceremonies.

Create your own unique wedding space

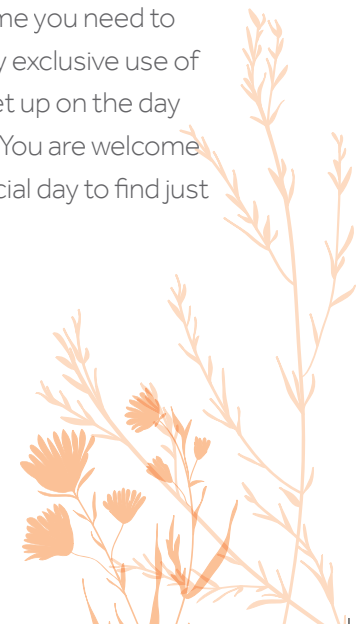

An exclusive suite of flexible facilities.

The lovingly restored oak framed Fison Barn is the ideal venue for your main reception, accommodating 200 guests standing / 85 seated at tables.

The adjoining Poem Tree Barn provides the perfect space for catering, a bar, and a relaxed area for your guests to mingle.

A secluded courtyard with 10m² stretch tent provides an intimate outdoor space for your ceremony or for pre wedding drinks or a laid back chill out area.

The venue hire package provides all the space and time you need to create and enjoy your special occasion. You can enjoy exclusive use of the entire space for the day of the event, as well as set up on the day before and time to pack down the following morning. You are welcome to explore our grounds during the run up to your special day to find just the right romantic spot for your wedding photos.

Your perfect day, your way

You are welcome to personalise the space to create your ideal celebration.

From the decoration and catering, to the entertainment and timings, from traditionally styled or rustic and natural, you are in control.

Sustainability at our heart

As an environmental charity, sustainability is naturally at the heart of everything we do.

A biomass boiler heats our spaces, we harvest rainwater and solar panels generate electricity.

We have a range of locally based, tried and tested suppliers that we can recommend to help you with your big day.

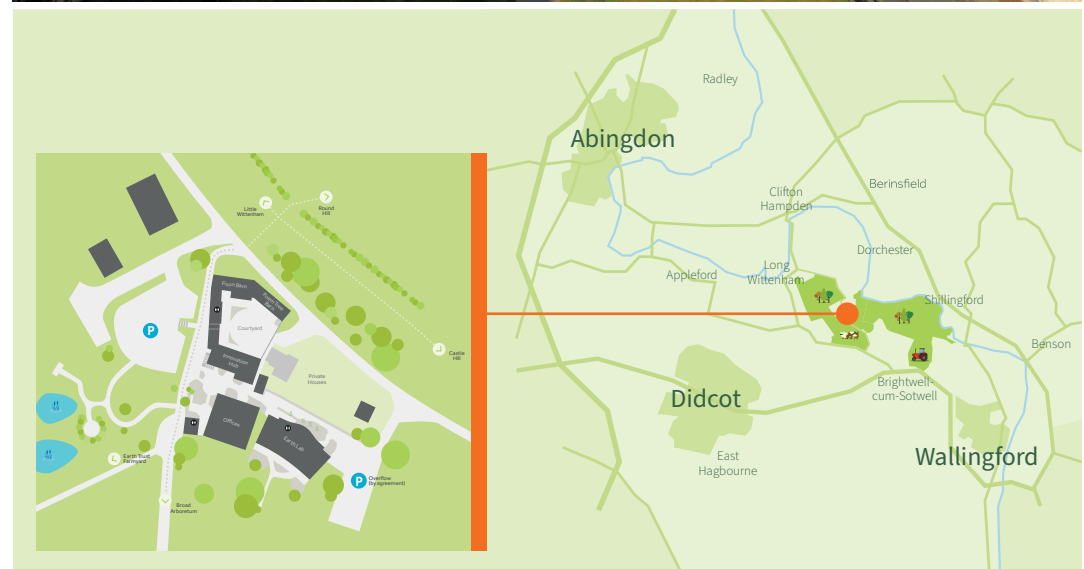

Convenience and tranquillity

We have all the peace and tranquillity of the wide open countryside with the convenience of a South Oxfordshire location.

Just 11 miles from Oxford, 18 miles from Reading and with easy access to the M4 and M40. Our beautiful rural setting offers you acres of privacy and, being just a hop away from the dreaming spires of Oxford, we're ideally placed for your guests' needs.

Earth Trust Centre has ample on site car parking and the entire venue space is wheelchair accessible.

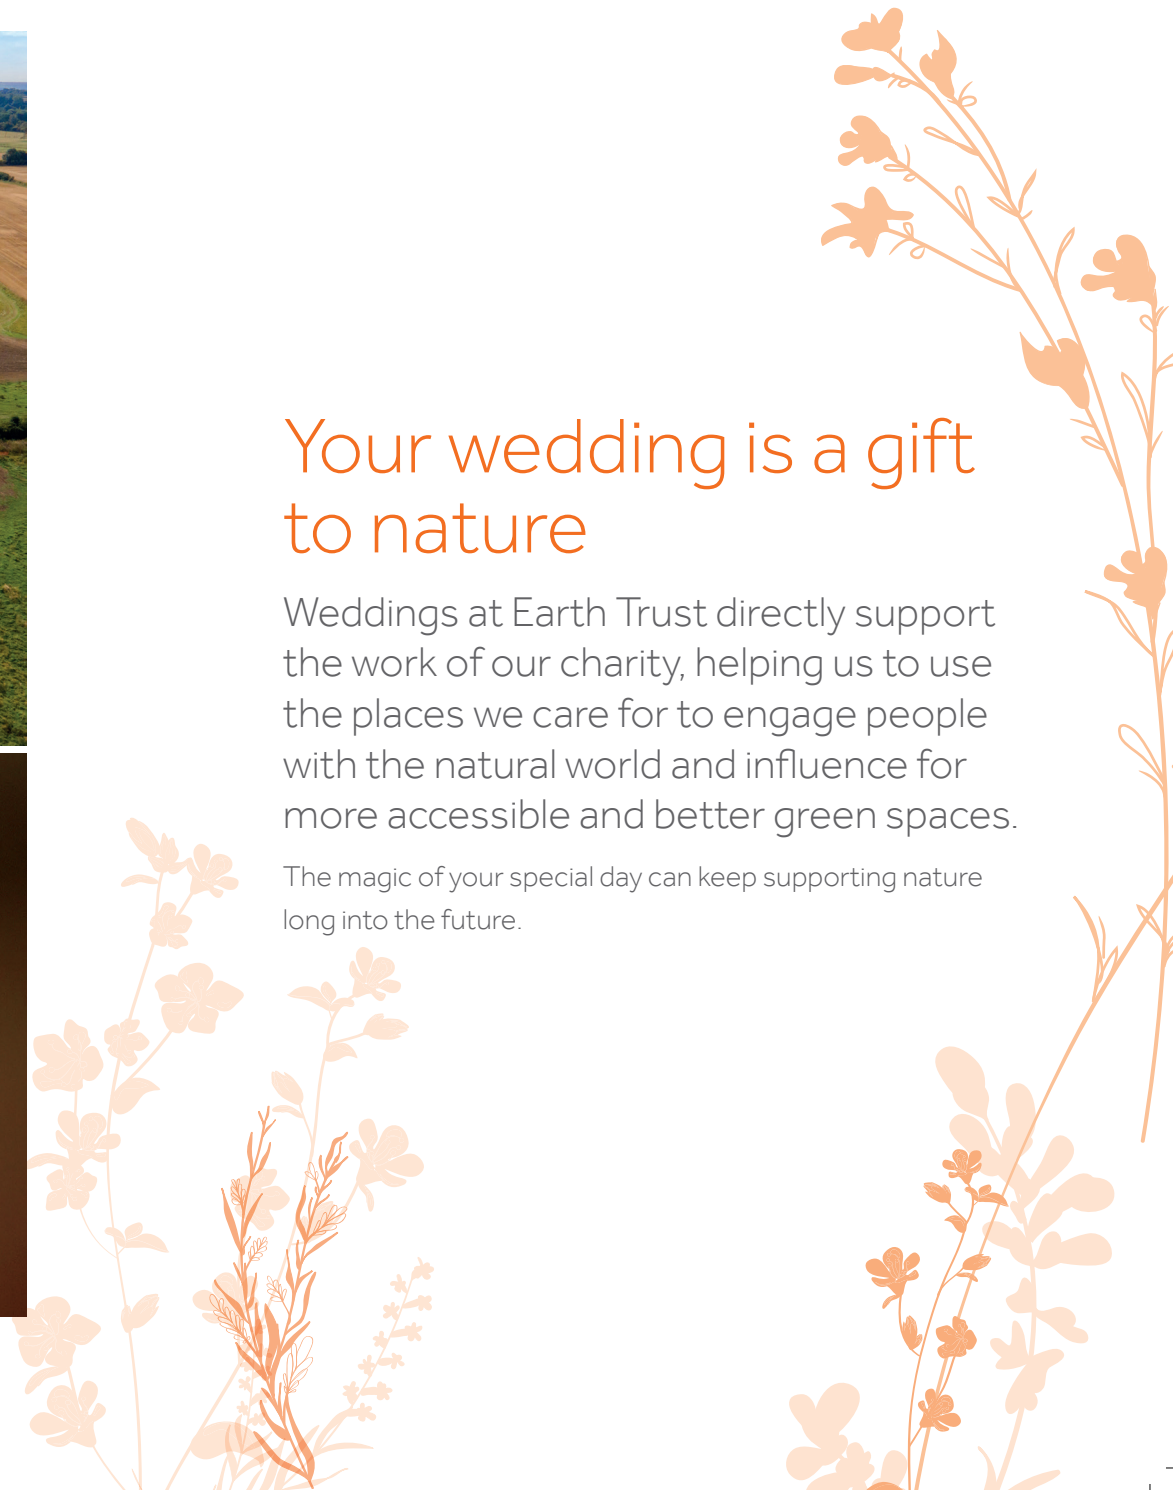

Your wedding is a gift to nature

Weddings at Earth Trust directly support the work of our charity, helping us to use the places we care for to engage people with the natural world and influence for more accessible and better green spaces.

The magic of your special day can keep supporting nature long into the future.

Be our guest... Arrange a viewing

We would be delighted to show you around
and answer any questions that you might have.
