Your visit

This October half term, let your child explore a world of adventure at the Outdoor Explorer Camp at Earth Trust. Set amongst the meadows, woodland and historic hilltops of Wittenham Clumps, our day time camp is designed to give children aged 7-13 a chance to connect with nature, try new skills, make friends and enjoy an unforgettable outdoor experience.

Explore the natural history of our woodlands and meadows where wildlife hides in plain sight or discover hidden treasures buried in our landscape with our ancient history explorations. With our expert instructors to guide them, your child will get the chance to build shelters and try their hands at ancient crafts. They will learn bushcraft skills such as lighting fires, knots, wood carving and whittling and make and enjoy fireside snacks or cook up a whole feast on the campfire.

Each day is different, so whether you book a single day or multiple day experiences, there will always be something new to discover.
